DETAILED ACTION

Election/Restriction

Examiner confirms that Applicants elected to prosecute Claim 1 without prejudice.

Claim Rejections

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 1 is rejected under 35 USC 102 (a) as being anticipated by Kim et al., U.S. Patent No. 6,097,457.

Regarding claim 1, Kim et al. discloses a shielded wire line 31, and a shielding wire line 43 provided for the shielded wire line and having a width broader than that of the shielded wire line (Fig. 4 and Cols. 1-6).

The references cited in PTO-890 also disclose a shielding wire line having a width broader than a shielded wire line.

If Applicants are aware of better art than that which has been cited, they are required to call such to attention of the examiner.

When responding to the office action, Applicants' are advice to provide the examiner with the line numbers and page numbers in the application and/or references cited to assist the examiner to locate the appropriate paragraphs.

A shortened statutory period for response to this action is set to expire 3 (three) months and 0 (zero) day from the day of this letter. Failure to respond within the period for response will cause the application to become abandoned (see M.P.E.P 710.02(b)).
